

Soybean meal quality indicators

Indicators to be determined	Unit	Results
Mass fraction of crude protein as absolute dry matter	%	49.0
Mass fraction of crude fat as absolute dry matter	%	2.0
Mass fraction of crude fibre as absolute dry matter	%	5.0
Mass fraction of moisture and volatile matter	%	8.0
Weight fraction of ash, insoluble in 10% hydrochloric acid, calculated on an absolutely dry basis	%	0.2
Mass fraction of isothiocyanates on an absolutely dry and defatted basis	%	0.3
Residual solvent mass fraction	%	0.03
Mass fraction, no more: particles up to and including 2 mm in size		Absent
Contaminant content		Absent
Pest infestation		Absent
